

## Agenda

### Outcomes

- To further develop the understanding of the purpose and working of the Devon Conference
- To review progress since the first meeting
- To review and advise on developing priorities for the next Sustainable Community Strategy
- To inform actions that may be required for the next round of Local Area Agreement

9.30	<b>Tea, coffee, refreshments</b>
10:00 – 10:20	<b>Welcome, Introductions</b> and scene setting for the day
10:20 – 10:30	<b>Why are we here – the role of Conference</b>
10:30 – 11:45	<b>Vision and priorities</b> The first conference identified a number of ideas to inform the vision for Devon. This session will revisit the suggestions made for the Vision for Devon and consider whether the emerging priorities from the DSP will (help) deliver the vision.
11:45 – 12:00	<b>Break</b>
12:00 – 13:15	<b>Joining up</b> Table groups will be asked to think through the implications of the interaction between the priorities and the cross cutting issues to identify what needs to be done to ensure that the cross cutting themes are addressed and identify where action to achieve one priority would also support another.
13:15 – 14:00	<b>Lunch</b>
14:00 – 15:45	<b>Delivering our priorities</b> The first Conference identified some of the actions that would be required to deliver the theme objectives. This session will give you time to consider what advice to offer the DSP and Delivery Board in light of the discussion today and building upon the ideas generated at the first Conference.  This work will be carried out by theme groups for the theme based issues, while others will consider the cross cutting (and may 'represent' the cross cutting in the theme groups)  <b>Tea/coffee to be taken throughout the session</b>
15:45 – 16:15	<b>Closing comments and next steps</b>

Each theme to highlight significant actions they will (consider) undertaking with a focus on those that are in support of the work of another theme

Next steps
