

Agenda

Outcomes

- To further develop the understanding of the purpose and working of the Devon Conference
- To review progress since the first meeting
- To review and advise on developing priorities for the next Sustainable Community Strategy
- To inform actions that may be required for the next round of Local Area Agreement

9.30	Tea, coffee, refreshments
10:00 – 10:20	Welcome, Introductions and scene setting for the day <i>OPM & DSP Chair</i>
10:20 – 10:40	Why are we here – the role of Conference A brief reminder to affirm the role of the conference
10:20 – 11:30	Making the difference The first conference identified a number of ideas to inform the vision for Devon, not least to be a more exciting place where things happened. It also picked up a number of important issues for attention in each theme area. Building on this we will have the latest thinking on priorities from the Devon Strategic Partnership – this is our opportunity to consider and to test this to ensure it is clear, robust and a good representation of what is needed. This session will use a systems thinking approach to explore how priorities link to each other. Working in small mixed groups participants will be asked to develop a model of how the priorities identified by the DSP interrelate and to draw their model for sharing with the other groups later in the day. Models/diagrams can be stuck up to be viewed over the break.
11:30 – 11:50	Break
11:50 – 13:00	Priorities paper – what do we all think? Groups to present back their model and learning generated as a result.
13:00 – 13:45	Lunch
13:45 – 14:15	Our feedback on priorities Using our voting technology (PPVote) – the whole group to weight the priorities identified in the DSP paper in light of the above.

14:15 – 15:45

Delivering our priorities

In light of our systems thinking and our priorities vote above, theme groups will be asked to consider how their theme can contribute to each of the top priorities.

Each theme to work through each of the most important priorities to determine three actions their theme could take to support the priority.

Tea/coffee to be taken throughout the session

15:45 – 16:15

Closing comments and next steps

Each theme to highlight significant actions they will (consider) undertaking with a focus on those that are in support of the work of another theme

Next steps
