

Devon Strategic Partnership Sustainable Community Strategy Evidence Base

Issues raised by Market Towns

1. As well as issues raised by the theme analyses, there are also issues that are voiced through consultation and strategic analysis in some market towns in Devon and their surrounding areas. All strategic plans by Devon towns under the MCTI (Market and Coastal Towns Initiative) will shortly be available to view on:
www.mcti.org.uk/downloads/69/community_strategic_plans.html
2. Many of the key actions proposed by a selection of those towns can be seen by following the links below:

3. The aims of these plans reflect issues including:
 - a. Social
 - i. Community participation
 - ii. Culture
 - iii. Leisure facilities
 - iv. Housing
 - v. Health
 - b. Economic
 - i. Business and skills development
 - ii. Tourism
 - iii. Communications
 - iv. Town Planning
 - c. Environmental
 - i. Heritage
 - ii. Transport
 - iii. Energy
4. These issues are similar to those raised elsewhere, although understandably with a more local articulation. There is also perhaps more **emphasis on heritage** than has appeared elsewhere.
5. We are hoping to be able to include in this evidence base at a later date a summary of issues raised by parish community planning. This has not been possible for this consultation draft, but we are hopeful of being able to include some issues during this process.
